- Includes ratchet handle and drive accessories
- Useful for workshop, garage and home toolkits
- Hexagon sockets for common fastening jobs
- Easy to carry and store as a complete set
- Designed for regular professional or DIY use

Key Features

- Chrome Vanadium Construction — Made from chrome vanadium steel for the durability and toughness needed in regular fastening and repair work.
- Chrome-Plated Finish — The chrome-plated surface helps protect the tools from corrosion and supports easy wipe-clean maintenance.
- Compact 1/4 Inch Drive — The 1/4 inch drive size is well suited to smaller fasteners and controlled work in restricted or awkward spaces.
- 38-Piece Coverage — A 38-piece configuration gives you a versatile mix of sockets, ratchet and accessories for everyday service tasks.
- Ready for Multiple Jobs — A practical set for garage work, workshop maintenance, home repairs and general assembly applications.
