

Kseibi 3-Piece Socket Drill Adapter Set with 1/4 in Quick-Change Shank

Turn Your Drill Into a Socket Driver

Kseibi · 103479

Highlights

- 3-piece set includes 1/4 in, 3/8 in and 1/2 in socket adapters
- 1/4 in quick-change shank for fast bit and adapter swaps
- Made from 40Cr steel for dependable everyday use
- Built to DIN3123 standard
- Sandblasted surface finish
- Stain finish for a clean professional look
- Ball retention helps keep sockets securely in place
- Lengths include 65 mm and 70 mm adapters
- Suitable for drills and drivers with 1/4 in quick-change holders
- Supplied on a blister card for easy storage and display

Key Features

- Three Popular Drive Sizes — Includes 1/4 in, 3/8 in and 1/2 in socket adapters so you can cover a wide range of fastening tasks with one set.
- Quick-Change Shank — Each adapter features a 1/4 in quick-change shank for fast installation in compatible drills and drivers.
- 40Cr Steel Construction — Manufactured from 40Cr steel to provide the strength and durability needed for regular workshop, garage and site use.
- Secure Socket Hold — The square drives shown with ball retention help keep sockets seated during use for smoother, more confident working.
- Practical Working Lengths — Adapter lengths of 1/4x65, 3/8x65 and 1/2x70 mm offer useful reach while keeping the setup compact and controllable.
