- Ideal for garage, workshop and home repairs

Key Features

- SAE and Metric Coverage — Includes 24 wrenches covering metric sizes from 8-19 mm and SAE sizes from 1/4 in. to 7/8 in. for broad day-to-day versatility.
- Chrome Vanadium Construction — Built from chrome vanadium steel for dependable durability and strength in regular repair and maintenance work.
- Combination Wrench Design — Each wrench combines an open end and a ring end, giving you flexibility when approaching different fasteners and workspaces.
- Mirror Finish Surface — The mirror finish delivers a polished appearance and helps make the tools easy to wipe clean after use.
- Portable Storage Rack — Comes arranged in a handled holder that keeps sizes organized, easy to identify and convenient to carry.
