- Printed size positions aid quick selection
- Roll-up storage for transport and compact stowage
- Suitable for garage, workshop and maintenance use

Key Features

- 12 Essential Metric Sizes — Includes a practical 12-piece size range from 8mm to 19mm to cover common fastening jobs.
- Chrome Vanadium Construction — Made from chrome vanadium for dependable durability and strength in regular workshop use.
- Combination Wrench Format — Each tool combines an open end and a ring end so you can switch easily between access and grip.
- Mirror Finish — The mirror finish gives the wrenches a smooth, polished appearance that looks tidy in professional settings.
- Cloth Bag Storage — Supplied in a cloth bag that keeps the set organised, portable and easy to store between jobs.
