

Kseibi 10" Curved Jaw Locking Plier with Wire Cutter

Lock, grip and cut with one tool

Kseibi · 141335

Highlights

- Made from durable #45 carbon steel
- Nickel-plated finish for added surface protection
- Curved jaw grips round, flat and uneven shapes
- Integrated wire cutter adds everyday versatility
- 10 inch 250 mm size offers solid leverage
- Adjustment screw helps set clamping pressure
- Quick-release lever supports fast repositioning
- Orange plastic-coated handle for improved comfort
- Suitable for repair, maintenance and workshop tasks
- Supplied in double blister card packing

Key Features

- Curved Jaw Grip — The curved jaw shape is designed to clamp securely onto round, flat and irregular workpieces for versatile use.
- Integrated Wire Cutter — A built-in wire cutter adds extra function, helping you handle gripping and cutting tasks with one tool.
- Carbon Steel Build — Constructed from #45 carbon steel for dependable strength and durability in demanding workshop and repair jobs.
- Nickel-Plated Finish — The nickel-plated surface helps protect the tool while giving it a clean, professional appearance.
- Comfortable Handle — The orange plastic-coated handle provides a more comfortable grip and makes the tool easier to spot in storage.
