

Kseibi MC-28 28mm Tube Cutter

Clean tube cuts with compact control

Kseibi · 141855

Highlights

- 28 mm tube cutter for routine cutting tasks
- Painted aluminum body for lightweight handling
- Black handle knob offers a secure grip
- Compact shape for easy positioning on tube
- Designed for controlled, gradual cutting action
- Orange finish is easy to spot in a toolbox
- Suitable for maintenance and installation work
- Practical choice for workshop and site use
- Simple manual operation for dependable results
- Supplied in blister card packing

Key Features

- 28 mm cutting size — Built for tube cutting tasks up to 28 mm, making it a practical fit for common maintenance and installation work.
- Aluminum body — The aluminum body helps keep the cutter lighter and easier to handle while still offering solid everyday usability.
- Painted finish — A painted surface finish adds a neat, job-ready appearance and helps the bright orange body stand out in storage.
- Easy-grip black handle — The black adjustment handle is shaped for a comfortable grip, helping you tighten the cutter with control as you work.
- Retail-ready packing — Delivered in blister card packing for straightforward display, storage and product identification.
