

Kseibi Straight Razor Garden Pruner 200mm

Precise cuts for everyday garden trimming

Kseibi · 143430

Highlights

- Straight razor-style blade shape for precise trimming
- SK5 steel construction for dependable cutting strength
- Stainless steel blade head for practical garden use
- Polished finish gives a clean, professional look
- 200 mm size balances control and reach
- Orange and black handle is easy to spot outdoors
- Black TPR grip sections help improve comfort
- Suitable for detail work and light pruning jobs
- Slim blade profile helps in tighter areas
- Supplied in blister card packing

Key Features

- Straight Precision Blades — The straight razor-style blade design helps deliver clean, accurate cuts for trimming and detailed garden maintenance.
- SK5 Steel Build — Made with SK5 steel for a reliable cutting tool that suits regular pruning and general garden tasks.
- Stainless Steel Blade Head — The stainless steel blade head supports practical outdoor use and complements the polished finish.
- Comfortable Two-Tone Grip — An orange plastic-coated handle with black TPR grip areas offers a secure, comfortable hold during repeated use.
- Handy 200 mm Length — The 200 mm size is easy to manoeuvre, giving a useful mix of reach, control and everyday handling.
