

Kseibi 26-Piece DIY Tool Kit in Plastic Carry Case

Everyday DIY essentials in one case

Kseibi · 145065

Highlights

- 26-piece DIY tool kit for everyday household jobs
- Supplied in a compact plastic carry case
- Organised storage helps keep tools easy to find
- Suitable for light repairs and general maintenance
- Includes a mix of core hand tools and accessories
- Portable case design for easy transport
- Secure latches help keep contents in place
- Ideal for home, garage or car storage
- Useful for furniture assembly and small fixes
- A practical starter set for DIY users

Key Features

- 26-piece all-in-one set — Brings together a practical selection of DIY essentials in one box for common household tasks and light repair work.
- Plastic carry case — The included plastic case helps protect the tools, keeps them organised and makes the set easy to store or carry.
- Ready for everyday jobs — Well suited to routine tasks such as tightening, adjusting, assembling and handling small repair jobs around the home.
- Neat organised layout — Dedicated positions inside the case help keep the tools tidy, accessible and less likely to go missing between uses.
- Compact home toolkit — A convenient choice for first homes, apartments, student living or anyone wanting a simple, easy-to-reach DIY kit.
