

KSEIBI Telescopic Magnetic Pick-Up Tool 8LB 650mm

Reach further. Pick up faster.

Kseibi · 211295

Highlights

- 8LB magnetic pull for secure pickup of ferrous parts
- Extends to 650 mm for access into deep or awkward spaces
- Steel construction for dependable everyday workshop use
- 18 mm magnetic head helps guide the tool into tight areas
- Orange plastic-coated handle for comfortable grip
- Bright handle is easy to spot in toolboxes and drawers
- Pocket clip keeps the tool close at hand
- Useful for screws, nuts, bolts and small steel components
- Ideal for garages, workshops, machinery and maintenance tasks
- Supplied in blister card packing

Key Features

- 8LB magnetic pull — Designed to pick up ferrous parts securely, helping you recover dropped screws, nuts and bolts with less hassle.
- Telescopic 650 mm reach — The adjustable shaft extends to 650 mm, making it easier to access confined or obstructed spaces.
- Steel body — Steel construction provides the strength and control needed for regular workshop, garage and maintenance use.
- Plastic-coated handle — The orange handle offers a comfortable grip and improved visibility when the tool is stored with other equipment.
- Compact 18 mm magnetic head — A relatively small magnetic tip helps you guide the tool into narrow gaps while still delivering reliable pickup power.
