

Kseibi 2-Piece Flaring Tool Set 3/16"-5/8"

Clean flares, solid control

Kseibi · 211330

Highlights

- 2-piece flaring tool set for manual tube flaring jobs
- Works across a 3/16"-5/8" size range
- High carbon steel construction for durability
- Chrome finish helps resist everyday wear
- Includes flaring yoke and multi-size bar
- Wing fasteners allow quick hand tightening
- Designed for controlled, consistent flare forming
- Natural color metal finish for a clean workshop look
- Suitable for maintenance, repair and installation tasks
- Supplied in blister card packing

Key Features

- 2-Piece Essential Set — Includes the core flaring components you need: a flaring yoke and a matching multi-size clamp bar.
- Covers Common Tube Sizes — Designed for tubing from 3/16" to 5/8", giving you flexibility for a range of fitting and repair work.
- High Carbon Steel Build — Made from high carbon steel for the strength needed in repeated manual flaring applications.
- Chrome Surface Finish — The chrome finish adds a professional appearance and helps the tool stand up to regular workshop handling.
- Easy Manual Adjustment — The visible wing-style clamps and screw-action yoke support secure setup and controlled pressure during use.
