

Kseibi 3 LED Rubber Torch

Reliable light with a secure rubber grip

Kseibi · 211450

Highlights

- 3 LED output rated at 12 lm
- PP and PVC construction for everyday durability
- Rubberised TPR detailing improves grip
- Runs on 2xAA batteries
- Batteries not included
- Two-tone orange and black finish for visibility
- Attached wrist strap for easier carrying
- Prominent push-button switch for simple use
- Compact handheld design suits toolboxes and vehicles
- Supplied in hanging card packing

Key Features

- 3 LED illumination — Delivers 12 lm output for practical close-range lighting during routine tasks, checks and emergencies.
- Durable body materials — Made from PP and PVC to provide a sturdy torch body suited to regular handling and everyday use.
- Rubberised grip areas — Black TPR detailing and the shaped outer body help provide a more secure hold while working.
- Easy battery setup — Powered by 2xAA batteries, making it simple to use a common battery format when needed.
- Carry-ready design — Includes a wrist strap and high-visibility orange accents for convenient handling and quick identification.
