

Kseibi Small COB LED Work Light with Magnetic Base

Compact light, hands-free convenience

Kseibi · 211540

Highlights

- 3W LED output for practical task lighting
- 200 lumen brightness for close-range work
- Magnetic base attaches to suitable metal surfaces
- Compact 92x65x65 mm size stores easily
- COB light panel helps spread light evenly
- Wire handle allows convenient hanging
- ABS plastic body keeps weight manageable
- Cordless design powered by 3 x AAA batteries
- Useful for garages, workshops, repairs and emergencies
- Black and matte gray finish with Kseibi branding

Key Features

- Compact COB illumination — The 3W LED delivers 200 lumens of useful light in a small format that is easy to carry and position.
- Magnetic base — Built with a magnetic base so the light can be mounted to suitable metal surfaces for hands-free working.
- Hanging handle — The integrated wire handle lets you hang the light where overhead or elevated placement is more effective.
- Portable battery power — Runs on 3 x AAA batteries not included, giving you a simple cordless lighting option for mobile tasks.
- Durable ABS body — Constructed from ABS plastic for a practical balance of durability and light weight in everyday use.
