

Kseibi 530mm Steel Tool Box with 4 Drawers and Handle

Portable steel storage with 4-drawer organisation

Kseibi · 221030

Highlights

- 530mm steel tool box for organised storage
- Four pull-out drawers help separate tools by type
- Lift-up top compartment for larger essentials
- Carry handle for easier transport
- Steel body supports regular workshop use
- Front latches help keep contents secure
- Full-width drawer pulls for straightforward access
- Compact all-in-one storage for hand tools
- Black exterior with high-visibility orange drawers
- Suitable for garage, workshop and mobile trade use

Key Features

- Four-drawer layout — Four pull-out drawers give you a practical way to sort hand tools, accessories and small parts for faster access.
- Spacious top compartment — The lift-up lid reveals an upper storage area that suits larger tools and frequently used items.
- Steel construction — Made from steel, the box is designed to provide durable storage for everyday workshop, garage or site tasks.
- Portable design — A top carry handle makes it easier to move your essential tools between storage, bench and job location.
- Secure closing points — Front latches help keep the box closed when stored or transported, adding confidence when carrying tools.
