

KSEIBI 7-Drawer Tool Storage Cabinet with Locking Door

Organised storage that moves with your work

Kseibi · 221033

Highlights

- 7-drawer layout helps organise tools by type and size
- Separate locking door compartment adds secure enclosed storage
- Five shallow drawers suit hand tools and small accessories
- Two deeper drawers fit larger tools and bulkier items
- Castor wheels make the cabinet easy to move around the workspace
- Side handle helps guide the cabinet where you need it
- Top surface provides a handy space for frequently used items
- 1040x456x820 mm cabinet size offers generous storage capacity
- Black and orange finish stands out clearly in busy workshops
- Ideal for garages, workshops and service areas

Key Features

- Seven-drawer storage — A 7-drawer configuration helps keep tools arranged, visible and easier to access throughout the workday.
- Mixed drawer depths — Five shallow drawers and two deeper drawers give you practical storage options for small hand tools and larger equipment.
- Locking side compartment — The side door includes a lockable enclosed section for storing tools and items you want separated from the drawer area.
- Mobile workshop cabinet — Castor wheels shown in the image let you move the cabinet between workstations, bays or job areas with less effort.
- Practical work-ready design — With a side handle and usable top surface visible in the image, the cabinet supports both storage and day-to-day workflow.
