

KSEIBI 16" Closed-Top Tool Bag with Plastic Base

Protected tool storage you can carry anywhere

Kseibi · 221630

Highlights

- 16-inch tool bag for core hand tools and accessories
- Closed-top zip design helps keep contents contained
- Plastic base supports the bag on work surfaces
- Twin carry handles for quick grab-and-go transport
- Adjustable shoulder strap for hands-free carrying
- Padded shoulder section adds comfort on the move
- Structured shape helps maintain usable storage space
- Durable fabric body with reinforced stitched panels
- Compact format suits vans, workshops and home use
- Helps protect tools from dust and everyday knocks

Key Features

- Closed-Top Zip Closure — The zipped top helps keep tools enclosed during transport and gives a cleaner, more secure alternative to open totes.
- Rigid Plastic Base — A hard plastic base supports the bag, helps it hold shape and adds protection from rough or dirty ground contact.
- Comfortable Carry Options — Use the twin handles for short moves or the adjustable shoulder strap with pad for easier carrying over longer distances.
- Compact 16-Inch Size — Sized for everyday essentials, it offers practical storage for hand tools and small parts without unnecessary bulk.
- Durable Fabric Construction — The fabric body and visible reinforced stitching are designed for regular workshop, van and site use.
