- ❑ Backpack design keeps hands free
- ❑ Large zip main compartment for core tools
- ❑ Front zip pocket for quick-access essentials
- ❑ Side pockets add extra storage space
- ❑ Adjustable front straps help secure gear
- ❑ Top carry handle for grab-and-go transport
- ❑ Structured base supports upright placement
- ❑ Suitable for trade, repair and DIY use

Key Features

- ❑ Durable 600D Construction — Made from 600D material for dependable everyday use in work, maintenance and repair environments.
- ❑ Hands-Free Carry — Backpack styling lets you move tools comfortably while keeping both hands available for the job.
- ❑ Multiple Storage Areas — A main compartment, front zip pocket and side pockets help separate tools, accessories and personal items.
- ❑ Flexible External Storage — Front securing straps provide added versatility for carrying extra items on the outside of the bag.
- ❑ Professional Jobsite Look — The gray and black finish delivers a clean, practical appearance that fits professional and DIY use alike.
