- Bright orange trim improves visibility
- Suitable for electricians and maintenance work
- Helps separate hand tools and small accessories
- Reinforced stitched pocket divisions for structure
- Fabric construction for lightweight everyday use
- Useful for workshop, van and on-site organisation

Key Features

- Six-pocket organisation — Designed with six large storage sections to help keep essential hand tools and accessories separated and easy to find.
- Front flap pocket — A larger front pocket with flap closure helps store smaller items more securely while keeping them close at hand.
- Quick-access open sleeves — Multiple open pockets make it easy to insert and remove commonly used tools during fast-paced work.
- High-visibility trim — Orange edging and pocket trim stand out clearly against the black fabric for easier spotting in busy work areas.
- Compact carry design — Slim, portable construction works well as a standalone organiser or as an insert inside a larger tool bag.
