

Kseibi 600g Axe with Fiberglass Handle - Tuscan Brown

Compact power with confident grip

Kseibi · 274153

Highlights

- ❑ 600g axe for controlled chopping and general outdoor tasks
- ❑ Drop forged carbon steel head for dependable strength
- ❑ Ground cutting edge with high-frequency hardening
- ❑ Black finish head with textured sprayed coating
- ❑ Two-colour brown and black handle for a secure hold
- ❑ Black TPR grip sections help improve handling
- ❑ Resin-filled head hole supports a secure head fit
- ❑ Rubber protective cover helps protect the blade
- ❑ Compact format suits garden, campsite and property use
- ❑ Tuscan brown handle gives a distinctive professional look

Key Features

- ❑ Drop forged steel head — Made from drop forged carbon steel to provide the strength and durability needed for repeated chopping tasks.
- ❑ Hardened cutting edge — The ground edge is high-frequency hardened to support reliable cutting performance and lasting working sharpness.
- ❑ Secure, grippy handle — A brown and black plastic-coated handle with black TPR grip areas helps you maintain control through each swing.
- ❑ Protected head assembly — The head hole is filled with black resin adhesive to reinforce the head-to-handle connection.
- ❑ Safer storage and transport — Supplied with a rubber protective cover, and the image shows a sheath for added blade coverage between uses.
