

Kseibi Crown Plastering Trowel 28 x 12cm Polished Steel

Smooth finishing with polished steel control

Kseibi · 281905

Highlights

- 28 x 12 cm blade for practical coverage
- High quality tool steel construction
- Polished blade for smooth material movement
- Suitable for plastering and finishing work
- Helps spread material evenly across surfaces
- Comfortable raised handle for better control
- Smooth blade profile for clean finishes
- Rigid steel blade supports steady pressure
- Good choice for trade and DIY use
- Supplied in labelled white box packing

Key Features

- Polished Steel Blade — The polished blade helps the trowel move smoothly across the surface for cleaner spreading and finishing.
- High Quality Tool Steel — Made from high quality tool steel for dependable performance on regular plastering and surface preparation jobs.
- Practical 28 x 12 cm Size — The blade size offers a useful balance of coverage and control for walls, repairs and finishing passes.
- Comfortable Handle Design — The raised handle style supports a secure, comfortable grip to help guide the blade with steady pressure.
- Versatile Finishing Use — Well suited to smoothing plaster and similar materials when a flat, even surface is required.
