

Kseibi Multifunction Crown Scraper

Curved for better access and control

Kseibi · 282945

Highlights

- Multifunction scraper for surface prep and removal work
- Curved blade profile helps reach awkward areas
- Made with a #45 carbon steel blade
- Stainless steel construction supports durability
- Mirror-polished finish for a clean professional feel
- Ergonomic handle shape improves control in use
- Textured grip zones help provide a secure hold
- Suitable for workshop, site and home maintenance tasks
- Designed for accurate scraping along edges and contours
- Compact hand tool format for easy everyday carry

Key Features

- Curved Scraper Profile — The distinctive crown-shaped blade helps you work around contours, edges and tighter areas where a conventional straight scraper can feel less precise.
- #45 Carbon Steel Blade — The blade is specified in #45 carbon steel for dependable scraping performance on demanding preparation and cleaning jobs.
- Stainless Steel Construction — Stainless steel adds durability to the tool, making it a reliable option for repeated use in professional and home settings.
- Mirror-Polished Finish — A mirror-polished surface gives the scraper a clean finish and helps it maintain a tidy, professional appearance.
- Comfort Grip Handle — The handle shown features contoured shaping and textured grip areas to support control, comfort and confident pressure during scraping.
