

Kseibi 4-Piece Steel Scraper Set with Orange Handles

Four scraper sizes for cleaner prep work

Kseibi · 283270

Highlights

- 4-piece scraper set for prep, filling and scraping
- Made from #50 carbon steel
- Polished surface for smooth material contact
- Includes 5, 8, 10 and 12 cm blade sizes
- Orange plastic handles for easy visibility
- Useful for surface preparation and patching
- Wide and narrow blades for better job matching
- Suitable for workshop, repair and decorating tasks
- Designed for controlled spreading and scraping
- Supplied in hanging card packing

Key Features

- Four useful sizes — Includes 5, 8, 10 and 12 cm scrapers so you can choose the right width for detailed work or broader surface coverage.
- #50 carbon steel blades — Built with #50 carbon steel for dependable scraping and spreading performance across common repair and prep tasks.
- Polished blade finish — The polished surface helps the blade move cleanly across materials and work surfaces during application or removal.
- Orange plastic handles — Bright orange plastic handles are easy to spot in the toolbox and offer controlled handling while you work.
- Ready-to-store packaging — Supplied in hanging card packing for straightforward storage, display and organisation in the workshop or store.
