

Kseibi Plastic Window Scraper with SK5 Blade Head

Sharp scraping, lightweight handling

Kseibi · 283275

Highlights

- ABS plastic body keeps the tool lightweight
- SK5 blade head for effective scraping action
- Suitable for windows, glass and smooth surfaces
- Helps remove paint specks and adhesive residue
- Slim profile improves access along edges
- Bright orange body is easy to find quickly
- Protective cover shown for safer storage
- Compact hand tool for DIY and maintenance use
- Easy to keep in a toolbox or cleaning kit
- Supplied on blister card backing

Key Features

- **ABS Plastic Body** — Made from ABS plastic for a lightweight, practical scraper that is easy to handle during routine cleanup tasks.
- **SK5 Blade Head** — Fitted with an SK5 blade head to provide the sharp scraping edge needed for removing stubborn surface buildup.
- **Compact Scraper Design** — The compact profile helps with controlled scraping on windows, glass and other smooth, flat surfaces.
- **Protective Blade Cover** — Shown with a cover that helps keep the blade edge protected when the scraper is stored between jobs.
- **Ready for Retail or Toolbox Use** — Packed on blister card backing for convenient display, storage and straightforward grab-and-go use.
