

Kseibi Black Paint Roller Tray 360 x 285 x 75 mm

Even roller loading, less mess

Kseibi · 290088

Highlights

- Made from grade-1 recycled material
- Suitable for acrylic paint applications
- 360 x 285 x 75 mm tray dimensions
- Textured ramp helps load the roller evenly
- Deep paint well supports steady paint pickup
- Raised sides help contain paint during use
- Black finish for a clean, professional look
- Designed for paint and decorating tasks
- Helps reduce excess paint on the roller
- Easy to handle for home or trade use

Key Features

- Grade-1 Recycled Material — Made from grade-1 recycled material for a practical, durable tray that supports repeated decorating use.
- Textured Loading Ramp — The patterned roll-off area helps spread paint more evenly across the roller for better control.
- Deep Paint Well — The formed lower reservoir holds paint ready for loading, helping maintain a steady workflow.
- Acrylic Paint Use — Specified for acrylic applications, making it a suitable choice for common interior decorating tasks.
- Contained Tray Shape — Raised sides and a moulded profile help keep paint within the tray and reduce mess while working.
