

KSEIBI 4 in / 100 mm Paint Roller Cover

Precision coverage for small-area painting

Kseibi · 290091

Highlights

- 4 in / 100 mm roller cover for compact paint jobs
- Blended fabric construction for even application
- Polyester and acrylic fabric blend
- 11 mm pile height for balanced paint loading
- Ideal for trim, edges and touch-up work
- Easy to control in smaller spaces
- Good fit for doors, cabinets and narrow sections
- Helps deliver consistent paint release
- Replacement cover for standard 4 in roller frames
- Suitable for DIY and professional decorating

Key Features

- Compact 4 Inch Size — The 4 inch (100 mm) width gives you better control on smaller surfaces, narrow sections and detailed painting tasks.
- Blended Fabric Cover — Made from blended fabric to support smooth paint pickup and release during general decorating work.
- Polyester and Acrylic Mix — The polyester and acrylic composition provides a practical combination for dependable roller cover performance.
- 11 mm Pile Height — The 11 mm pile offers a useful balance of paint holding capacity and control for everyday application needs.
- Made for Precision Areas — A smart choice for trim, touch-ups, doors, cabinets and other spaces where a larger roller is less convenient.
