

Kseibi Tile Leveling System Wedges 100-Piece Set

Grip, align and level with confidence

Kseibi · 292050

Highlights

- Designed for use with tile leveling system clips
- Helps align tiles for a flatter finished surface
- Ribbed surface supports controlled adjustment
- Tapered wedge shape inserts easily into clips
- Made from PP and HDPE
- Black finish for a clean professional look
- Useful for wall and floor tiling jobs
- 100-piece set for installation and replacement needs
- Packed in a nylon bag for storage and transport
- Suitable for renovation, repair and new tiling work

Key Features

- Tile leveling support — Designed to work with tile leveling clips to help keep adjacent tiles aligned while adhesive cures.
- Ribbed grip profile — The ridged surface shown in the product image helps with handling and controlled positioning during adjustment.
- Durable material blend — Made from PP and HDPE for practical day-to-day use on tiling jobs.
- 100-piece set — Supplied as a 100-piece pack so you have a ready quantity for installation work or replacements.
- Bag-packed convenience — Comes in nylon bag packing to help keep the wedges together for transport, storage and jobsite organisation.
