

Kseibi Tile Leveling Caps - POM Nut, 100 Pack

Consistent tile leveling made simple

Kseibi · 292095

Highlights

- Nut-style tile leveling cap for compatible systems
- Made from POM for rigid, dependable site use
- Bright orange finish is easy to spot while working
- Helps apply controlled pressure during tile leveling
- Supports cleaner alignment between adjacent tiles
- Useful for wall and floor tile installation
- Broad contact shape shown for steady positioning
- Supplied in a convenient 100-piece box
- Suitable for trade jobs, repairs and refits
- Kseibi branded component for tiling accessories

Key Features

- Nut-Style Design — Designed as a nut-type tile leveling cap for use with compatible leveling setups where screw-down pressure is needed.
- POM Construction — Manufactured from POM for a rigid, durable feel suited to handling and repeated on-site installation tasks.
- High-Visibility Orange — The orange colour makes the caps easier to identify on busy job sites and among other tiling accessories.
- Supports Even Tile Alignment — Helps bring neighboring tiles into line during installation for a flatter, more professional-looking finished surface.
- 100 Pieces per Box — Packed in a 100-piece box to support ongoing tile work, small renovations and replenishment of jobsite supplies.
