

Kseibi Digital Vernier Caliper 0-150mm / 6in

Quick digital measuring for everyday workshop tasks

Kseibi · 303270

Highlights

- 0-150 mm / 6 in measuring range
- Digital display for quick, easy readings
- Made from high quality tool steel
- Chrome plated surface finish
- Suitable for inside and outside measurements
- Also useful for step measuring tasks
- Zero button for relative measurements
- Thumb roller supports controlled adjustment
- Beam features clearly marked scale
- Practical choice for workshop and site use

Key Features

- Digital Readout — The easy-to-read screen helps you check measurements quickly without relying only on the beam scale.
- 0-150 mm / 6 in Capacity — A versatile measuring range suited to common workshop, maintenance and fabrication jobs.
- High Quality Tool Steel Body — Built from high quality tool steel for dependable everyday use and confident handling.
- Chrome Plated Finish — The chrome plated surface provides a clean, durable finish suited to busy working environments.
- Simple Zero Function — The dedicated zero control makes comparative and repeat measuring more convenient during setup and inspection.
