

Kseibi Heavy Duty ProGrip Hacksaw Frame 12 in / 560 mm

Heavy duty cutting with a confident ProGrip hold

Kseibi · 311110

Highlights

- Heavy duty hacksaw frame for dependable everyday use
- Made from high quality tool steel
- 12 in / 560 mm frame size
- ProGrip handle with black TPR for added comfort
- Orange and black two-tone handle for secure control
- Black tube frame for a robust, practical build
- Supplied with a black saw blade
- Rear grip supports stable cutting strokes
- Visible front tensioning knob for blade adjustment
- Easy-to-spot orange finish in the workshop

Key Features

- High Quality Tool Steel Build — Constructed from high quality tool steel for the strength and durability needed in regular cutting and maintenance work.
- ProGrip Comfort Handle — The orange and black handle with black TPR is shaped to give a secure, comfortable grip and better control while sawing.
- Heavy Duty Frame Design — A rigid black tube frame helps keep the tool feeling stable in use, supporting controlled strokes on demanding tasks.
- 12 in / 560 mm Size — The frame size suits general workshop, site and garage applications where a practical all-round hacksaw is needed.
- Simple Blade Adjustment — A front-mounted tensioning knob is visible on the frame, making blade adjustment straightforward when setting up the saw.
