

Kseibi PROGRIP Wood Chisel Set 4-Piece

Four essential chisels, one dependable set

Kseibi · 312130

Highlights

- 4-piece set includes 6, 12, 19 and 25 mm chisels
- 60CR blade heads for dependable cutting performance
- High manganese steel construction
- Uniform 142 mm blade head length across the set
- PROGRIP handles support a secure, controlled hold
- Suitable for trimming, shaping and joinery work
- Contoured handles help improve comfort in use
- Straight blade profiles for precise woodworking tasks
- Bright black-and-orange handles are easy to spot
- Supplied in double blister card packaging

Key Features

- Four Useful Sizes — Includes 6 mm, 12 mm, 19 mm and 25 mm chisels to cover fine detail work through to broader wood removal and shaping.
- 60CR Blade Heads — Each chisel is fitted with a 60CR blade head for reliable cutting performance in everyday woodworking applications.
- High Manganese Steel Build — Made from high manganese steel material to provide a robust construction suited to regular workshop and site use.
- PROGRIP Handle Design — The textured, contoured handles shown help you keep a steadier grip for better control when paring, trimming and fitting.
- Consistent Blade Length — A uniform 142 mm blade head length across the set gives a familiar feel in hand as you switch between chisel widths.
