

Kseibi OPTIWOOD 8-Piece Steel and Rasp File Set

Shape, smooth and refine with control

Kseibi · 312180

Highlights

- 8-piece set for shaping, smoothing and refining
- Made from high carbon steel
- 8 in. / 200 mm file length
- Includes a mix of file and rasp profiles
- Wooden handles for a comfortable hand grip
- Metal ferrules help reinforce the handle fit
- Suitable for flat, curved and narrow areas
- Good control for detailed hand finishing
- Useful for woodworking and general repair
- Balanced size for bench and workshop tasks

Key Features

- 8-piece assortment — A practical range of file and rasp shapes helps you handle broad surfaces, curves, slots and detail work with one set.
- High carbon steel construction — Built from high carbon steel for dependable hand-tool performance during shaping, filing and finishing tasks.
- Comfortable wooden handles — The contoured wood handles shown in the image provide a secure, comfortable hold for better control during extended use.
- Reinforced handle collars — Metal ferrules at the handle base, visible in the image, support a solid transition between handle and tool.
- Versatile 8 inch size — At 8 inches / 200 mm, each tool offers a balanced combination of reach and control for everyday workshop use.
