

Kseibi 9mm Snap-Off Aluminium Utility Knife

Slim, durable cutting for everyday jobs

Kseibi · 313040

Highlights

- 9mm snap-off utility knife for precise everyday cutting
- Aluminum alloy body balances strength and low weight
- Slim profile suits detailed trimming and scoring work
- Slide control allows quick, simple blade adjustment
- Good for cartons, packaging, sheet materials and more
- Compact design stores easily in toolboxes and site bags
- Metal body offers durable day-to-day performance
- Textured slider supports controlled handling in use
- Carry bag packing included
- Practical choice for workshop, site or home tasks

Key Features

- 9mm Precision Format — The 9mm blade size is ideal for controlled trimming, scoring and detail cutting where a slimmer knife is easier to guide.
- Aluminum Alloy Construction — Made from aluminum alloy for a durable yet lightweight body that stands up to regular use without feeling heavy.
- Snap-Off Blade Design — The snap-off format helps maintain a sharp working edge during repeated cutting tasks, reducing downtime on the job.
- Easy Slide Operation — A thumb-operated slider makes extending and retracting the blade straightforward for quick adjustments while working.
- Ready to Carry — Supplied with carry bag packing, making it easy to store with other tools or keep protected in transit.
