- 104 mm blade head offers practical everyday reach
- 2.5 mm blade thickness supports controlled use
- HRC 56-58 hardness for durable edge performance
- Orange and black handle is easy to spot outdoors
- Black TPR grip helps provide secure handling
- Includes bright orange sheath for storage and carry
- Fixed blade design is simple, strong and ready
- Supplied in blister card packing

Key Features

- Stainless Steel Blade** — The blade head is made from stainless steel for reliable cutting performance in outdoor and general utility tasks.
- Balanced Blade Size** — With a 104 mm blade head and overall 8-3/4" length, it offers practical control for common campsite jobs.
- Durable Blade Construction** — A 2.5 mm blade thickness gives the knife a solid, dependable feel for repeated everyday use.
- Secure Two-Tone Grip** — The orange 158C plastic coating and black TPR handle combine visibility with a comfortable, confident hold.
- Protective Sheath Included** — A bright orange sheath shown in the image helps protect the blade and makes the knife easier to carry and store.
