

Kseibi Band Clamp with ProGrip Handle

Even pressure for frames, boxes and corners

Kseibi · 314115

Highlights

- Nylon band clamp for all-round pressure
- Includes four corner jaws for edge support
- ProGrip-style handle with black TPR grip areas
- Useful for frames, boxes, drawers and cabinets
- Helps clamp square, rectangular and multi-sided work
- Orange and black design is easy to spot on the bench
- Flexible strap reaches around awkward assemblies
- Tensioning handle allows controlled tightening
- Lightweight plastic and nylon construction
- Compact design stores neatly between jobs

Key Features

- All-round band clamping — The nylon strap wraps around the workpiece to apply balanced pressure across the full assembly instead of from one side only.
- Four movable corner jaws — Supplied with four corner pieces to help support edges and corners when clamping frames, boxes and similar projects.
- Comfortable ProGrip-style handle — The orange and black handle uses plastic with black TPR grip areas for a secure, comfortable feel during tightening.
- Good for awkward shapes — A practical choice when bar clamps are difficult to position around square, rectangular or multi-sided assemblies.
- Lightweight workshop utility — Made from nylon and plastic, this clamp is easy to carry, simple to store and ready for frequent DIY or workshop use.

Specifications by Variant

Specification	314115
Color	Orange/black two-color plastic handle, orange coating, black TPR
Color (2)	Orange plastic parts
Color (3)	Black clamping strap

Feature	4 M 16"
Material	Nylon, Plastic
