

Kseibi Safety Glasses Retainer Cord

Keep your safety glasses close

Kseibi · 381350

Highlights

- Designed to help keep safety glasses within easy reach
- Braided cord construction for everyday flexibility
- Black finish for a clean, professional look
- Flexible end loops attach to compatible eyewear arms
- Metal collars help secure the looped ends
- Helps reduce the chance of dropped eyewear
- Useful for site work, workshops and maintenance
- Lets glasses hang around the neck when not in use
- Compact accessory that fits easily into your PPE kit
- Suitable for professional and DIY environments

Key Features

- Eyewear Retention — Helps keep safety glasses close by so they are ready when you need them and less likely to be misplaced.
- Braided Cord Design — The braided construction provides flexible everyday wear and a practical balance of comfort and durability.
- Secure End Loops — Looped ends are designed to fit onto compatible glasses arms for a simple, dependable connection.
- Work-Ready Build — The black cord and metal collars create a neat, practical accessory suited to regular use in work environments.
- Convenient Day-to-Day Use — Ideal for tasks where eyewear is taken on and off frequently, helping improve access and reduce interruptions.
