- Suitable for workshop, DIY and maintenance tasks
- Clear lens is practical for indoor working conditions
- Comfortable design for extended wear
- Helps maintain awareness of surrounding work area
- Simple protective eyewear for routine jobsite use
- Supplied in hanging card packing

Key Features

- Wide-Vision Design — Designed to provide a broad viewing area so you can work with better awareness and clear sight of the task in front of you.
- Clear Transparent Lens — The transparent lens supports natural visibility, making these goggles well suited to indoor tasks and detail-focused work.
- Secure Elastic Strap — A black elastic strap helps hold the goggles in place during movement for a steady, dependable fit while you work.
- Full Goggle Coverage — The wraparound enclosed shape covers the eye area more completely than basic safety glasses for practical everyday protection.
- Ready for Trade or DIY Use — A practical choice for workshop jobs, maintenance, cleaning, sanding and general-purpose tasks where eye protection is needed.
