Kseibi · 401025

Highlights

- EN 352 compliant hearing protection
- Over-ear design helps cover the ears fully
- Soft black ear cushions for user comfort
- Padded black headband for a gentler fit
- Bright orange cups are easy to spot
- Metal wire support frame adds stability
- Suitable for workshop and site use
- Good choice for power tool noise
- Simple, durable design for repeated wear
- Supplied in hanging card packing

Key Features

- EN 352 Compliant — Made to EN 352 for hearing protection use in noisy working environments.
- Comfort-Focused Fit — Soft black ear cushions and a padded headband help improve comfort during extended wear.
- Full Over-Ear Coverage — The cup shape is designed to sit over the ears for practical everyday noise protection.
- Visible, Practical Design — Orange outer cups stand out clearly, making the ear muffs easy to identify and grab quickly.
- Ready for Retail or Storage — Supplied in hanging card packing for convenient display, transport and organisation.
