

Kseibi Fiberglass Handle Axe

Forged strength, confident grip

Kseibi

Highlights

- Drop forged carbon steel axe head
- Forged steel head with ground cutting edge
- High-frequency hardened for durability
- Black finish head with polished edge
- Orange and black plastic-coated handle
- Black TPR grip zones for control
- Head hole filled with black resin adhesive
- Includes rubber protective cover
- Available in 600G, 800G and 1000G
- Suitable for chopping, trimming and kindling

Key Features

- Drop Forged Carbon Steel Head — Made from drop forged carbon steel for strength and dependable performance in repeated chopping tasks.
- Ground, Hardened Edge — The cutting edge is ground and high-frequency hardened to support consistent cutting action and durability.
- Secure Head Assembly — The head hole is filled with black resin adhesive to support a solid, secure connection between head and handle.
- Grip-Focused Handle — The orange and black plastic-coated handle with black TPR areas helps provide a confident, comfortable hold.
- Weight Options for Different Jobs — Choose from 600G, 800G or 1000G to match lighter garden tasks or heavier chopping work.
