

Kseibi Walby Pattern Bricklaying Trowel with PROGRIP Handle

Control mortar with a comfortable PROGRIP handle

Kseibi

Highlights

- Walby pattern bricklaying trowel for masonry and mortar work
- Carbon steel cutter head for dependable site use
- High quality tool steel blade construction
- Polished surface helps smooth, clean application
- PROGRIP handle supports comfort and control
- Black TPR grip area improves secure handling
- Orange and black handle is easy to identify
- Pointed blade shape aids precise mortar placement
- Available in 6", 7" and 8" sizes
- Suitable for bricklaying, pointing and general masonry tasks

Key Features

- Walby Pattern Blade — The pointed Walby pattern shape is suited to picking up, placing and shaping mortar with accuracy during bricklaying and pointing work.
- Carbon Steel Cutter Head — The cutter head is made from carbon steel to provide a strong, practical working surface for regular masonry tasks.
- Polished Surface Finish — A polished blade surface supports smooth mortar handling and gives the trowel a clean, professional finish.
- PROGRIP Comfort Handle — The two-colour plastic-coated handle with black TPR grip is shaped for a comfortable hold and controlled movement.
- Choice of Sizes — Available in 6", 7" and 8" options, letting you choose the blade size that matches your working style and application.
