

Kseibi Curved Claw Hammer with ProGrip Handle

Forged strength. Comfortable control.

Kseibi

Highlights

- Drop forged carbon steel construction
- Forged steel hammer head for dependable strength
- High-frequency hardened head
- Polished head for a smooth striking surface
- Curved claw for nail pulling and leverage
- Orange and black ProGrip-style handle
- Black TPR grip section for surer handling
- Plastic-coated handle for added comfort
- Suitable for carpentry, repairs and workshop use
- Available in 8OZ, 12OZ, 16OZ and 20OZ

Key Features

- Drop Forged Carbon Steel — Built from drop forged carbon steel for solid strength and durability in repeated striking tasks.
- High-Frequency Hardened Head — The hammer head is high-frequency hardened to support reliable performance in regular use.
- Polished Striking Face — A polished head provides a smooth finish and a clean striking surface for general hammering work.
- Curved Claw Design — The curved claw helps remove nails and gives useful leverage for repair, carpentry and dismantling jobs.
- Comfortable ProGrip Handle — The orange and black plastic-coated handle with black TPR grip is shaped for comfort and secure control.
