

Kseibi PROGRIP Stainless Steel Coating Knife

Comfort grip for smoother coating work

Kseibi

Highlights

- Stainless steel construction for durability and easy cleanup
- PROGRIP handle helps improve comfort and control
- Suitable for fillers, compounds and coating applications
- Available in 8cm, 10cm, 12cm, 14cm, 16cm, 18cm and 20cm
- Two-colour orange and black handle for secure handling
- Black TPR grip zones support a steadier hold
- Stainless steel blade head on selected listed variants
- Silver hammer-head fitting on selected listed variants
- Useful for repair, prep and finishing tasks
- Practical tool for trade and DIY use

Key Features

- **Stainless Steel Build** — Made with stainless steel for a durable, rust-resistant working surface that is easy to clean after spreading fillers and coatings.
- **PROGRIP Handle** — The shaped handle is designed for a comfortable grip and better control during repetitive patching, smoothing and finishing work.
- **TPR Grip Zones** — Black TPR sections on the handle help provide a steadier, more secure hold while working across flat areas and edges.
- **Multiple Size Options** — Available in widths from 8cm to 20cm, making it easier to match the knife to small repairs or broader spreading tasks.
- **Added Site Practicality** — Selected variants include a silver hammer-head fitting, giving extra utility for quick tapping tasks when needed.
