- XL size with dimensions per reference picture
- Suitable for work, gardening and general outdoor use
- Designed for quick pull-on protection in the rain

Key Features

- PVC-Polyester Blend — Made from 65% PVC and 35% polyester for practical wet-weather protection with fabric-backed support.
- 0.33 mm Thickness — Offers dependable rain coverage in a lightweight construction suited to regular outdoor use.
- Hooded Design — The attached hood helps shield your head and neck when conditions turn wet and windy.
- Two Useful Pockets — Front pockets add everyday convenience for carrying small items or covering your hands.
- Secure Front Closure — A front zipper with button fastening helps you close the coat quickly and wear it with confidence in the rain.
