

KSEIBI Aluminium Oxide Bench Grinder Wheel 150 x 20 x 32mm

General-purpose grinding made simple

Kseibi

Highlights

- Aluminium oxide abrasive for general-purpose grinding
- Fits bench and pedestal grinder applications
- Wheel size: 150 x 20 x 32 mm
- Available in #36/46, #60/80 and #100/120 grit ranges
- #36/46 option suits faster stock removal
- #60/80 option balances shaping and sharpening
- #100/120 option supports finer finishing work
- 32 mm inner bore for compatible grinder setups
- Selected variants include four reducing washers
- Clear centre label helps quick wheel identification

Key Features

- Aluminium Oxide Abrasive — Made from aluminium oxide for dependable general-purpose grinding and sharpening tasks in the workshop.
- Three Grit Range Options — Available in #36/46, #60/80 and #100/120 so you can choose the right wheel for removal, shaping or finer finishing.
- Bench Grinder Fit — Designed in a 150 x 20 x 32 mm format suitable for bench and pedestal grinder use.
- Washer Set on Selected Variants — Selected variants include four washers in 16, 20, 22 and 25 mm to help adapt the wheel to compatible machines.
- Workshop-Ready Replacement Wheel — A practical replacement choice for routine edge maintenance, metal shaping and everyday grinding jobs.
