

Kseibi 1/2" Drive Metric Hex Socket

Built for everyday metric fastening

Kseibi

Highlights

- 1/2" drive metric hex socket
- Made from chrome vanadium
- Chrome plated surface finish
- Available in sizes 8mm to 32mm
- Fits standard metric fasteners
- Ideal for garage, workshop and site use
- Knurled band helps grip during handling
- Polished finish wipes clean easily
- Suitable for ratchets, bars and extensions
- Supplied in hanging card packing

Key Features

- Chrome Vanadium Construction — Made from chrome vanadium for the strength and durability needed for repeated fastening work.
- Chrome Plated Finish — The chrome plated surface helps protect the socket while providing a clean, polished look.
- 1/2" Drive Compatibility — Designed to work with 1/2" drive tools commonly used for automotive, workshop and maintenance tasks.
- Metric Size Range — Available in multiple metric sizes from 8mm up to 32mm so you can match the fastener properly.
- Easy Handling — The socket body shown includes a knurled band that helps when fitting or removing the socket by hand.
