

Kseibi 1/4 in Drive Metric Hexagon Socket

Compact metric fastening made simple

Kseibi

Highlights

- 1/4 in drive metric hexagon socket
- Made from chrome vanadium steel
- Chrome plated for a clean, durable finish
- Available in sizes from 4mm to 14mm
- Suitable for ratchets, extensions and handles
- Compact profile for tight working areas
- Knurled band helps with hand positioning
- Clear size marking on the socket body
- Ideal for maintenance, repair and assembly
- Supplied in hanging card packing

Key Features

- Chrome Vanadium Build — Made from chrome vanadium steel for dependable strength in regular fastening and maintenance work.
- Chrome Plated Finish — The chrome plated surface gives the socket a smooth finish that looks clean and is easy to wipe down after use.
- 1/4 in Drive Fit — Designed for use with 1/4 in drive ratchets and compatible accessories for controlled work on metric fasteners.
- Metric Size Range — Available in a broad range from 4mm to 14mm, making it easy to choose the exact size needed for the job.
- Easy Handling — The compact body and visible knurled ring help with socket changes and hand placement during setup.
