

KSEIBI 1/4" Drive Hexagon Socket & Ratchet Set, 12-Piece

Compact socket power for everyday jobs

Kseibi

Highlights

- 12-piece 1/4" drive socket and ratchet set
- Made from chrome vanadium for dependable strength
- Chrome-plated finish helps resist corrosion
- Available in metric 4-13mm size range
- Also available in SAE 3/16"-9/16" size range
- Includes ratchet, sockets and extension bar
- Hexagon sockets for everyday fastening tasks
- Compact holder keeps pieces organized
- Polished surfaces wipe clean easily
- Suitable for garage, workshop and home use

Key Features

- Chrome Vanadium Build — Constructed from chrome vanadium for the durability and strength needed in regular fastening and maintenance work.
- Chrome-Plated Finish — The chrome-plated surface helps protect the tools while providing a clean, polished look that is easy to maintain.
- Compact 1/4" Drive Format — The 1/4" drive size is ideal for controlled work on smaller fasteners and for carrying in a compact tool kit.
- Metric or SAE Choice — Choose the version that fits your hardware needs, with either 4-13mm sockets or 3/16"-9/16" sockets.
- Organized Set Layout — Supplied in a molded holder with the pieces arranged neatly for quick selection, simple storage and easier transport.
