

Kseibi UltraGrip Nitrile Coated Work Gloves

Grip for everyday work

Kseibi

Highlights

- 13-gauge gray polyester liner for flexible wear
- Black nitrile coating supports grip and control
- Coated palm and fingers for practical handling
- Knit wrist helps keep debris out
- Comfortable for assembly and general handling
- Suitable for workshop, warehouse and site tasks
- Available in S, M, L, XL and XXL sizes
- Color-coded cuffs simplify size identification
- Lightweight construction helps reduce bulk
- Designed for repeat day-to-day work use

Key Features

- 13-Gauge Polyester Shell — The gray 13-gauge polyester liner provides a flexible, close-fitting base that supports comfort and hand movement during routine work.
- Black Nitrile Coating — A black nitrile coated working surface helps improve grip and control across the palm and fingers for handling tools and materials.
- Secure Knit Wrist — The knit cuff helps the glove stay in place while working and creates a neat, comfortable finish at the wrist.
- Easy Size Identification — Color-coded wrist cuffs help users and teams quickly identify sizes, from S blue through XXL white.
- Everyday Jobsite Versatility — Well suited to general handling, assembly, warehouse tasks, maintenance and workshop use where dexterity and grip are important.
