

Kseibi PE Pressure Sprayer, 2L or 3L

Simple pressure spraying for everyday garden tasks

Kseibi

Highlights

- Available in 2L and 3L sizes
- PE bottle construction
- Hand-pumped pressure sprayer design
- Compact format for home and garden use
- Easy-grip side handle
- Front-mounted spray nozzle
- Stable bottle base for setting down
- Reusable refillable bottle
- Orange, white and black colour scheme
- Suitable for routine light-duty spraying

Key Features

- Two size options — Choose between 2L and 3L capacities to match smaller spot jobs or longer spraying tasks with fewer refills.
- PE bottle body — The bottle is made from PE, offering a practical lightweight construction suited to repeated everyday use.
- Manual pressure operation — The top pump design allows you to build pressure by hand for controlled spraying without cords or batteries.
- Comfortable handling — A side handle and compact bottle shape make the sprayer easier to carry, direct and store between jobs.
- Multi-purpose convenience — Well suited to general garden and household spraying tasks where a refillable hand sprayer is the practical choice.
