

Kseibi PROGRIP Hard Rubber Mallet

Controlled striking with a hard rubber head

Kseibi

Highlights

- Hard rubber head for controlled, non-marring strikes
- Black hard tip design suited to fitting and assembly work
- PROGRIP handle helps provide a secure, comfortable hold
- Orange and black handle is easy to spot on site or in the shop
- Rubber protective sleeve adds guarding near the head
- Plastic-coated handle offers a durable everyday work finish
- Available in 8OZ, 12OZ, 16OZ, 20OZ and 24OZ sizes
- Useful for positioning parts without metal-on-surface impact
- TPR grip sections support confident handling during repeated use
- A practical choice for workshop, installation and general trade tasks

Key Features

- Hard Rubber Head — Made from hard rubber to deliver firm, controlled impact for seating, aligning and assembly tasks.
- PROGRIP Handle Design — The orange and black plastic-coated handle with black TPR grip areas is shaped for a steadier, more comfortable hold.
- Protective Sleeve — A rubber protective sleeve reinforces the transition area near the head for added jobsite durability.
- Range of Sizes — Offered across 8OZ, 12OZ, 16OZ, 20OZ and 24OZ options so you can match striking force to the job.
- Trade-Ready Visibility — The bright orange handle stands out in tool storage and on busy work surfaces for faster tool pickup.
