

Kseibi Progrid Soft Rubber Mallet with White Head

Controlled force without surface damage

Kseibi

Highlights

- White soft tip helps reduce marks on finished surfaces
- Soft rubber head supports controlled, non-marring strikes
- Progrid handle improves comfort and handling
- Black TPR grip zones help maintain control
- Rubber protective sleeve adds durability at the neck
- Orange and black handle is easy to spot in the toolbox
- Suitable for fitting, positioning and assembly work
- Available in 8OZ, 12OZ, 16OZ and 24OZ sizes
- Plastic-coated handle offers a dependable hold
- Handy hanging hole for quick storage

Key Features

- White Soft Tip — The white soft tip is designed for jobs where you want impact without aggressively marking the surface.
- Soft Rubber Construction — Made from soft rubber to deliver controlled striking action for fitting, tapping and alignment tasks.
- Progrid Handle — The shaped handle is designed to give a more secure, comfortable grip during repeated use.
- Protective Handle Sleeve — A rubber protective sleeve at the handle helps reinforce a high-wear area near the head.
- Multiple Weight Options — Available in 8OZ, 12OZ, 16OZ and 24OZ so you can match the mallet to the job.
