- PE construction for practical jobsite use
- Clear frame styling with visible orange contact points
- Suitable for workshop, warehouse and DIY tasks
- Easy to keep in toolkits, vans and site gear
- Supplied in hanging card packing
- Modern low-bulk profile for routine eye protection

Key Features

- Scratch-Resistant Lens — Each variant features a scratch-resistant lens to help maintain clearer vision through regular handling and use.
- Wraparound Coverage — The curved single-lens shape shown in the image helps extend coverage around the eyes for practical everyday protection.
- Lightweight Wear — Designed to feel light and easy to wear, making the glasses a smart option for repeated daily tasks.
- Multiple Lens Choices — Available in Clear Lens, Grey Lens, Blue Mirror and Silver Mirror options so you can pick the right style for the job.
- Practical Jobsite Presentation — Supplied in hanging card packing for straightforward storage, display and issue in trade or workplace settings.
